

4613

113 DAY MATURITY

PLANT HT: Medium Tall

EAR HT: Medium

EAR FLEX: Semi-Flex

VIGOR: Very Good

STALK: Excellent

ROOTS: Very Good

PLANT HL: Very Good

DRY DOWN: Very Good

DROUGHT: Very Good

POPULATION: 30,000 - 36,000

Excellent top-end yield potential, Productive Soils

Strong stalks late into the fall

Good test weight grain, 16-18 kernels around

Above-average NCLB and Tar Spot tolerance

Position Nebraska & Kansas to the east coast
